**Subject:** Help for Homelessness/Instituting Weekly Street Sweeping with Posted Signs/Posting Restricted Street Parking Signs

Councilwoman Rodriguez,

I read the following article below regarding your securing over \$500,000 to fund navigation, hygiene, and supportive services for homeless families in CD7:

"LOS ANGELES - Councilwoman Monica Rodriguez secured over \$500,000 to fund navigation, hygiene, and supportive services for homeless families in the Seventh Council District. The funding was secured through the state's Homeless Emergency Aid Program (HEAP) and will be administered by North Valley Caring Services (NVCS), an independent nonprofit which serves homeless and low-income individuals and families in North Hills and the surrounding neighborhoods."

This is a good thing for helping the homeless, but will it be used to help solve the homeless problem in our neighborhoods in Pacoima?

We (residents, homeowners, and business owners of Pacoima) have been communicating, or have attempted to communicate, with you and your office regarding the growing number of homeless families and individuals in our neighborhoods. However, we have gotten very little to no response from you regarding this problem. Is it true that a Homeless Shelter for "bussed-in homeless individuals" from other surrounding cities has been set up in Pacoima? Homeless individuals bussed in for showering, feeding and overnight sleeping, without accountability for those individuals roaming around in our neighborhoods? Is it true that the homeless living in Pacoima are not allowed to take advantage of that facility? Is it true that they must go to designated bus pickup locations outside of Pacoima, just to be brought back to the Pacoima Shelter in order to be allowed in the shelter? If the answer to these questions is yes, how does this address the needs of the homeless people living in Pacoima, who live in their cars, vans, trucks, RVs, and trailers, parked all along the 10800, 10700, 10600, 10500, 10400, 10300, 10200 and 10100 blocks of Glenoaks Blvd. in our neighborhood? I have sent you numerous photos of this growing homeless situation in our neighborhood, without any reply from you regarding any effort from your office as to what is being done to help improve these conditions of the homeless individuals and families in our neighborhoods.

We are writing to you again regarding the deteriorating and dirty conditions of our streets and sidewalks, with increased illegal dumping of filthy, loose trash and bulky items in our neighborhood. There's also a huge increased presence of homeless encampments of vehicles, which have been allowed to park on our streets for weeks and weeks at a time, without being ticketed or forced to move. Why? We still have not gotten a response from you regarding our requests for having RESTRICTED PARKING SIGNS for TOWING of vehicles measuring 22' Long or 7' High from 2 AM to 6 AM be posted along the above-named blocks of Glenoaks Blvd. Again, we still have not gotten a response from you for our request to have LA CITY WEEKLY STREET SWEEPING be instituted, and street signs be posted along the same above-mentioned blocks of Glenoaks Blvd. Trash builds up daily, and bulky items are dumped regularly along Glenoaks Blvd., therefore weekly street sweeping and bulky item pickups are desperately needed regularly on those streets.

We have not received any response from your office regarding these matters since 08/24/1018. May we hear from you soon?

Please see the attached photos.
